

Logging Industry Program

Bellingham Underwriters has extensive knowledge of the logging industry and has been providing package policies for forest product businesses for more than 25 years. Our ability to understand the industry and those working within it gives us a better opportunity to offer the coverages your Insured requires. Whether a single feller with a chainsaw or a much larger operation, we are here to help.

We have broadened our ability to provide creative solutions with the addition of our Lloyd's Timber Program. Just like our Lloyd's Physical Damage and Cargo Program, our Lloyd's Forest Program accounts will be handled from start to finish by Bellingham Underwriters. Our approach incorporates standard policy forms, flexible underwriting, quick turnaround time and the exemplary customer service that you have come to expect from us.

Coverages Offered

- General Liability
- Loggers' Broad Form (LBFPD)
 -LBFPD endorsement covers: Fire suppression expenses, Property Damage to others' timberland, Property Damage while Loading/Unloading and Timber Trespass.
- **Limits up to \$2MM Occurrence/\$3MM Aggregate** for both General Liability and LBFPD.
- **Contractor's Equipment** - up to \$500,000 any one piece of equipment/\$1,000,000 limit for any one accident or loss. Can be written as a stand-alone policy.

Program Highlights

- Eligible Forest accounts have access to our admitted Transportation Program to create a one stop shop!
- Claims administered by National Claims Management, same TPA used for admitted Transportation Program.
- Current edition ISO for GL with our proven LBFPD addition.
- 12% Commission.
