

Ambulance Insurance Program (AIP)

This program's target is directed towards for-profit emergency and non-emergency medical ambulance companies* operating Type I, Type II, or Type III with some flexibility towards Ambulettes or passenger/wheelchair vans used for paratransit **if less than 20% of total operations**. Our unique product creates a stable, long term market that is more sensitive to real variance in risk which enables us to offer competitive pricing. We have the ability to offer a full package in a single product.

*Accounts operating exclusively as non-emergency paratransit/wheelchair van are no eligible.

States: All except: AK, HI, KY, MA, MI, NY, and VA
