About our Commercial Transportation Program

We write for both for-hire and private motor carriers, focusing on 'day truckers' running local to regional routes and returning home nightly. We accept owner-operators and fleets. Our unique mileage-based program offers tailored solutions, targeting truckers who run <20,000 to 80,000 annual miles.

(Note that we are not a long-haul market and do not have an option for Coal haulers.)
